Proposal Assessment

Name: ____________________________________________
Topic: ____________________________________________

1. Topic Definition /10
   - Looking for a clear definition of your project topic
   - Can the reader understand what you are getting at?

2. Interest /10
   - Are you putting the reader to sleep?
   - Does your proposal make the reader eagerly anticipate your project completion?

3. Database /30
   - Discuss the key characteristics of the database you will analyze
   - Will you collect it, or is it available now?

4. Technique /30
   - Specify which technique(s) you think would be most applicable
   - Assess the application of the technique to your database

5. Readability /20
   - Is your proposal clear and easy to read?

The Bottom Line

☐ Good direction, fine as-is  ☐ Basically OK, but let’s talk  ☐ Change needed (come see me)

Total Proposal Grade: _________________ out of 100
