

Application, Texas Parks Field School, Maymester 2022

Name (Last, First): _____ Email: _____

Major(s) and minor: _____ Current GPA: _____

Expected date of Graduation (month/year): _____

Level of Commitment and Potential Conflicts:

On a scale of 1-10, with 10 = *high potential conflict* and 1 = *no conflict*, please rank your level of commitment to participating in the 18-day field school in May 2022. As well, discuss any potential conflicts that might affect your participation (including jobs, interviews, internships, weddings, planned vacations).

Please list all completed courses that focused on Physical Geography or the Natural Environment (e.g., GEOG 2180 Geosystems, Environment and Society):

Please list all completed courses that included a field component, field trips, or field methods (e.g., GEOG 4170 Mapping and Field Methods):

What book about the environment most inspires you? Why?

Letter of Application and Personal Statement:

On a separate sheet(s) of paper, please demonstrate why you are interested in taking this course, including: what would the experience mean for you? Why are you passionate about this particular course? What is your background knowledge of and experiences in parks and Texas parks? How could you contribute to this class?

Submit this form and your personal statement via email to: Professor Fry, mfry@unt.edu, by February 1, 2022.
